Details of Admissions Exercise

| Arts Institutions -| NAFA/LASALLE

GCE O-Level holders with the aptitude and interest to pursue the creative arts at the tertiary level may apply for diploma programmes at the Arts Institutions (AIs). Each AI runs its own admissions exercise, and interested students should apply directly to the institution.

The Als also run their own Early Admission Exercise, an aptitude-based admissions exercise open to graduating O-Level students, final-year Nitec and Higher Nitec students from ITE and graduating Integrated Programme (IP) / International Baccalaureate (IB) Year 4 students. This exercise allows students to apply for and receive conditional offers for admission to NAFA and LASALLE prior to receiving their final grades.

NAFA: go.gov.sg/applynafa

LASALLE: go.gov.sg/applylasalle

DSA-JC – Direct School Admission for Junior Colleges

DSA provides students with the opportunity to seek admission to JCs based on a broader range of talents and achievements.

DSA-JC: go.gov.sg/applydsajc

Polytechnic EAE – Polytechnic Early Admissions Exercise

Polytechnic EAE is an aptitude-based admissions exercise that allows students to apply for and receive conditional offers for admission to polytechnics prior to receiving their final O-Level examination results. It allows polytechnics flexibility to admit students based on demonstrated aptitudes and interests, apart from academic grades, thus allowing a wider range of talents to be recognised.

Polytechnic EAE: go.gov.sg/polyege

JAE – Joint Admissions Exercise

JAE enables GCE O-level holders to apply for courses offered by JCs, MI, polytechnics and ITE (2-year *Higher Nitec* courses).

JAE: go.gov.sg/applyjae

JIE 'O' – Joint Intake Exercise 'O'

The JIE 'O' is conducted to enable GCE O-Level holders to apply for the 2-year *Nitec* or 3-year *Higher Nitec* courses conducted by ITE.

For Students Considering Private Education

The 3Rs when deciding on Private Education

Reasons

- Why are you furthering your studies?
- What are the job prospects for your preferred course?

Readiness

- How ready are you to further your studies?
- Can you cope with the academic rigour and assignment deadlines?
- Can you fund your studies?

Risks

- Do you know the possible drawbacks?
 - Your expected returns may not exceed the investments you put into your private education.
 - Private schools may make exaggerated claims.
 - Private schools may close due to various reasons.
 - You may not get a full refund if you withdraw from your course.

8 Things You Should **Know Before** You Enrol in A Private School

School Registration

CPE Registered
GH Acodemy
JRI School
MN Institute
OPD Centre
RST Acodemy

Ensure the school is registered with SkillsFuture Singapore (SSG). Review the school's registration period, expiry date and its overall registration track record.

Partner Institution

Research on the partner institution conferring the diploma or degree, and whether the qualification is recognised by the industry.

EduTrust Certification Scheme

Is the school EduTrust-certified*? Under the scheme, private schools are assessed for their performance in areas such as school management and provision of student support services.

*Schools are required to obtain EduTrust certification in order to offer external degree programmes

School Premises

Head down to the campus ground to check the facilities and support services. Observe the study environment too.

Fee Protection

Ask if there is any course fee protection so that you will be able to recover unconsumed course fees should the school close down.

Beyond Course fees

Find out about the course syllabus and materials, graduation rates and employment prospects. Approach the alumni to find out what they think of the school.

Teachers

Check if the teachers are qualified to teach the course.

Internship

If industry attachment is included, find out which organisation you will be attached to, the period of attachment and the alternative arrangement should the attachment become unavailable. Verify the information with the organisation as well.
